APOLLO HOSPITALS SINGAPORE PTE. LIMITED

DIRECTORS' STATEMENT
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

The directors are pleased to present their statement to the member together with the audited financial statements of APOLLO HOSPITALS SINGAPORE PTE. LIMITED (the "Company") for the financial year ended 31 March 2024.

1. Opinion of Directors

In the opinion of the directors,

- (a) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2024 and of the financial performance, changes in equity and cash flows of the Company for the financial year then ended on the date in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has on the date of this statement, authorised these financial statements for issue.

2. Directors

The directors of the Company in office at the date of this statement are:

Richard Soemita
Muthu Krishnan Sankaranarayanan

3. Arrangements to Enable Directors to Acquire Shares or Debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

4. Directors' Interests in Shares or Debentures

According to the register of directors' shareholdings kept by the Company under section 164 of the Act, the directors of the Company who held office at the end of the financial year had no interests in the shares or debentures of the Company and its related corporations.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

DIRECTORS' STATEMENT (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

5. Share Options

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

6. Auditors

The auditors, KC Chan & Co PAC, Public Accountants and Chartered Accountants of Singapore, have expressed their willingness to accept re-appointment.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBER OF
APOLLO HOSPITALS SINGAPORE PTE. LIMITED
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of APOLLO HOSPITALS SINGAPORE PTE. LIMITED (the "Company"), which comprise the statement of financial position of the Company as at 31 March 2024, the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Company for the year then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the financial position of the Company as at 31 March 2024 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement [set out on pages 2 to 3].

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
APOLLO HOSPITALS SINGAPORE PTE. LIMITED (CONT'D)**

Report on the Audit of the Financial Statements (Cont'd)

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSS, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Auditor's Responsibilities for the Audit of the Financial Statements. (Cont'd)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Material Accounting Policies**(a) Basis of Preparation**

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of these financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Company’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are material to the financial statements are disclosed in Note 10 to the financial statements.

Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Company has adopted all the new and amended standards which are relevant to the Company and are effective for annual financial periods beginning on or after 1 April 2023. The adoption of these standards did not have any material effect on the financial performance or position of the Company.

Standards issued but not yet effective

A number of new standards and amendments to the standards that have been issued are not yet effective and have not been applied in preparing these financial statements. The directors expect that the adoption of these new and amended standards will have no material impact on the financial statements in the year of initial application.

Effective for annual
periods commencing
on

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(b) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank and on hand that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

(c) Taxes*(i) Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in Singapore where the Company operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates, and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
 - In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.
-

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(c) Taxes (Cont'd)***(ii) Deferred tax (Cont'd)*

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(iii) Sales tax

Revenues, expenses, and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

(d) Employee Benefits*(i) Defined contribution plans*

The Company participates in the national pension schemes as defined by the laws in Singapore in which it has operations. The Company make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(ii) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period. The liability for leave expected to be settled beyond twelve months from the end of the reporting period is determined using the projected unit credit method. The net total of service costs, net interest on the liability and remeasurement of the liability are recognised in profit or loss.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(d) Employee Benefits (Cont'd)***(iii) Termination benefit*

Termination benefits are employee benefits provided in exchange for the termination of an employee's employment as a result of either an entity's decision to terminate an employee's employment before the normal retirement date or an employee's decision to accept an offer of benefits in exchange for the termination of employment.

The liability and expense for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of those benefits and when the entity recognises related restructuring costs. Initial recognition and subsequent changes to termination benefits are measured in accordance with the nature of the employment benefits, short-term employee benefits, or other long-term employee benefits.

(e) Foreign Currency

The financial statements are presented in United States Dollars (US\$), which is also the Company's functional currency.

Transactions and balances - Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

(f) Share Capital

Ordinary shares are classified as equity.

Proceeds from the issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(g) Impairment of Non-Financial Assets**

The Company assesses on each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

(h) Contingencies

A contingent liability is:

- (i) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or
- (ii) a present obligation that arises from past events but is not recognised because:
 - It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent liabilities and assets are not recognised on the statements of financial position of the Company.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(i) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(j) Financial Instruments*(i) Financial Assets*

The Company classifies its financial assets into the following measurement categories:

- Amortised cost.
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The classification of debt instruments depends on the Company's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial assets.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

Initial recognition

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party if the trade receivables do not contain a significant financing component at initial recognition.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(j) Financial Instruments (Cont'd)***(i) Financial Assets (Cont'd)*Subsequent measurement*(i) Debt instruments*

Debt instruments of the Company mainly comprise of cash and cash equivalents, trade and other receivables.

There are three prescribed subsequent measurement categories, depending on the Company's business model in managing the assets and the cash flow characteristic of the assets. The Company managed these groups of financial assets by collecting the contractual cash flow and these cash flows represent solely payment of principal and interest. Accordingly, these group of financial assets are measured at amortised cost subsequent to initial recognition.

A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is recognised using the effective interest rate method.

The Company assesses on forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost.

For trade receivables, the Company applied the simplified approach permitted by the FRS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For cash and cash equivalents and other receivables, the general 3 stage approach is applied. Credit loss allowance is based on 12-month expected credit loss if there is no significant increase in credit risk since initial recognition of the assets. If there is a significant increase in credit risk since initial recognition, lifetime expected credit loss will be calculated and recognised.

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(j) Financial Instruments (Cont'd)***(i) Financial Assets (Cont'd)**Subsequent measurement (Cont'd)**(ii) Equity investments*

The Company subsequently measures all its equity investments at their fair values. Equity instruments are classified as FVPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in “fair value gain/ (loss) on investment securities”, except for those equity securities which are not held for trading.

The Company has elected to recognise the changes in fair value of equity investments not held for trading in other comprehensive income as these are strategic investments and the Company considered this to be more relevant. Movement in fair values of investments classified as FVOCI are presented as “fair value gain and losses” in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss as “dividend income”.

Regular way purchases and sales of these financial assets are recognised on trade date – the date on which the Company commits to purchase or sell the asset.

At disposal, the differences between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and the sale proceed amount would be recognised in other comprehensive income and transferred to retained earnings along with the amount previously recognised in other comprehensive income relating to that asset.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit and loss.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(j) Financial Instruments (Cont'd)***(i) Financial Assets (Cont'd)**Impairment of financial assets*

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors' ability to pay.

The Company considers a financial asset in default when contractual payments are 60 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before considering any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

1. Material Accounting Policies (Cont'd)**(j) Financial Instruments (Cont'd)***(ii) Financial Liabilities**(i) Trade and Other Payables*

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business, if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

(ii) Borrowings

Borrowings are presented as current liabilities unless the Company has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair values (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(iii) Offsetting Financial Instruments

Financial assets and liabilities are offset, and the net amount reported in the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

8. Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk, capital risk and market risk (pertaining to price risk, interest rate risk and currency risk). The Company's overall risk management strategy seeks to minimise the adverse effects from the unpredictability of financial markets on the Company's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Company.

(a) Credit Risk

Credit risk refers to the risk that the counterparty will default on its contractually obligation, resulting in financial loss to the Company. The Company exposure to credit risk arises primarily from cash and cash equivalents. The Company minimise credit risk by dealing exclusively with high rating counterparties.

Exposure to credit risk

At the end of the reporting period, the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position.

Financial assets that are neither past due nor impaired

Financial assets that are neither past due nor impaired are:

- (a) Deposits with banks with high credit-ratings assigned by international credit-rating agencies.

These financial assets are subject to immaterial credit loss.

(b) Liquidity Risk

The Company monitors its liquidity risk and maintains a level of cash and bank balances deemed adequate by management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows. Typically, the Company ensures that it has sufficient cash on demand to meet expected operational expenses including the servicing of financial obligations. Such liquidity risks are minimised by the amount of cash and cash equivalents as stated in Note 3(a) to the financial statements.

All financial assets and liabilities will mature within one year. The contractual cash flows of these assets and liabilities are approximately their carrying amounts.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024**8. Financial Risk Management (Cont'd)***(c) Capital Risk*

The Company's objectives when managing capital are:

- (a) To safeguard the Company's ability to continue as a going concern.
- (b) To support the Company's stability and growth.
- (c) To provide capital for the purpose of strengthening the Company's risk management capability; and
- (d) To provide an adequate return to shareholders.

The Company actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholder return, taking into consideration the future capital requirements of the Company and capital efficiency, prevailing and projected profitability, projected operating cash flows, projected capital expenditures and projected strategic investment opportunities.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The Company monitors capital using a gearing ratio, which is net debt divided by total equity.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024**8. Financial Risk Management (Cont'd)***(d) Market Risk**(i) Price risk*

The Company is exposed to equity securities price risk arising from the investments held by the Company which are classified on the statement of financial position as investment securities. The Company is not exposed to commodity price risk.

If price for equity securities increased by 5% with all other variables including tax rate being held constant, the profit after tax and equity will be:

| | Increase / (decrease) | | Increase / (decrease) | |
|-------------------|-----------------------|----------------------------------|-----------------------|----------------------------------|
| | Profit before tax | Other comprehensive income | Profit before tax | Other comprehensive income |
| | 2024 | | 2023 | |
| | US\$ | US\$ | US\$ | US\$ |
| Increase by: | | | | |
| Equity securities | 165,677 | - | 179,528 | - |

(ii) Interest rate risk

The Company's income and operating cash flows are substantially independent of changes in market interest rates. The Company has no significant interest-bearing assets other than surplus funds that are placed with reputable banks.

(iii) Foreign currency risk

The Company do not have significant exposure to foreign currency risk as the transactions and investments and mainly denominated in United States Dollar (US\$)

9. Fair Value of Assets and Liabilities*(a) Fair value hierarchy*

The Company categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Company can access at the measurement date,

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and

Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024**9. Fair Value of Assets and Liabilities (Cont'd)***(b) Cash and cash equivalents, accruals and amount owing to holding company*

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

(c) Assets measure at fair value

The following table shows an analysis of each class of assets measured at fair value at the reporting date:

| | | 2024 | | | |
|----------------|----------------------|---|---|---|---------------|
| | | Fair value measurements at the end of the reporting period using | | | |
| | | Quoted prices in active markets for identical instruments (Level 1) US\$ | Significant observable inputs other than quoted (Level 2) US\$ | Unobservable inputs (Level 3) US\$ | Total US\$ |
| <i>Assets:</i> | | | | | |
| | - Equity instruments | - | - | 3,313,542 | 3,313,542 |
| | | - | - | 3,313,542 | 3,313,542 |
| | | 2023 | | | |
| | | Fair value measurements at the end of the reporting period using | | | |
| | | Quoted prices in active markets for identical instruments (Level 1) US\$ | Significant observable inputs other than quoted (Level 2) US\$ | Unobservable inputs (Level 3) US\$ | Total US\$ |
| <i>Assets:</i> | | | | | |
| | - Equity instruments | - | - | 3,331,574 | 3,331,574 |
| | - Other investments | - | - | 258,984 | 258,984 |
| | | - | - | 3,590,558 | 3,590,558 |

The fair value is determined based on independent valuation reports.

APOLLO HOSPITALS SINGAPORE PTE. LIMITED

NOTES TO FINANCIAL STATEMENTS (CONT'D)
FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024**10. Critical Accounting Estimates, Assumptions and Judgments**

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Company's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

Uncertain tax positions

Significant judgment is involved in determining the capital allowance and deductibility of certain expenses during the estimation of the provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such difference will impact the income tax and deferred tax provisions in the period in which such determination is made.

11. Financial Instruments by Category

At the reporting date, the aggregate carrying amounts of financial assets and financial liabilities were as follows:

| | 2024 | 2023 |
|--|-------------|-------------|
| | US\$ | US\$ |
| Financial assets, at fair value through profit or loss | 3,313,542 | 3,590,558 |
| Financial assets, at amortised costs | 43,167 | 71,883 |
| Financial liabilities, at amortised costs | 12,886 | 13,066 |

12. Holding Companies

The Company's immediate and ultimate holding company is Apollo Hospitals Enterprise Limited, a company incorporated in India.

13. General

The Company is incorporated in the Republic of Singapore with its registered office and principal place of business situated at 50 Raffles Place #30-00, Singapore Land Tower, Singapore 048623.

The principal activities of the Company are the provision of management consultancy services for healthcare organisations and investment holding.

There have been no significant changes in these activities during the financial year.

14. Authorisation of Financial Statements

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of APOLLO HOSPITALS SINGAPORE PTE. LIMITED on 15 May 2024.
