Upon the Scheme becoming effective, AHEL with other identified investors viz. Jhelum Investment Fund 1,Mr. Hemendra Kothari and ENAM Securities Private Limited would invest ~ INR 143 crs in Apollo Medicals Private Limited ('AMPL') i.e. the holding company of APL. AMPL would in turn invest the funds raised from aforesaid investors into APL by way of equity shares, which would lead to an increase in the share capital of APL post the Scheme becoming effective. APL will use this proceeds to discharge part consideration for acquisition of the front end SAP from AHEL. Additionally, APL would borrow from banks/ financial institutions to discharge the balance consideration for the acquisition of front end SAP.

The indicative shareholding structure of APL post the Scheme is as under:

We trust the above clarifications meet with your requirements and accordingly request you to provide necessary "No Objection" at the earliest to enable us to file the Scheme with the NCLT.

Thanking you,

Yours faithfully,
