

Radiology CME

Recent Advances in Liver, Renal & Transplant Imaging

Date: 13th November 2016
Venue : Auditorium,
Indraprastha Apollo Hospitals, New Delhi
Organised by:
Department of Radiology
Indraprastha Apollo Hospitals, (IAH) New Delhi

Recent Advances in Liver, Renal & Transplant Imaging

Date: 13th November 2016
Auditorium, Indraprastha Apollo Hospitals,
New Delhi.

Time	Topic
8:00-9:00 am	Registration
9:00-9:15 am	Inauguration Chief Guest : Maj. Gen. (Dr.) L. R Sharma Director Medical Services, IAH
9:15-10:45 am	Session 1. Liver Transplant Imaging. Chairperson Dr A.S. Arora, Dr AC. Anand
	Patient selection for Liver Transplantation (15 min) Dr. Sudeep Khanna Dept. of Gastro-enterology, IAH, New Delhi
	Basics of Liver Transplant Surgery (15 min) Dr. Subhash Gupta Centre for Liver and Biliary Surgery, IAH
	Pre-transplant Vascular Evaluation (20 min) Dr. Sandeep Vohra Dept. of Radiology, IAH, New Delhi
	Liver Fat Analysis and Pre/post Transplant Biliary Evaluation (20 min) Dr. Ruchi Rastogi Dept. of Radiology, IAH, New Delhi
	Post-transplant hepatic Vascular Evaluation - Doppler/CT/MRI. (20 min) Dr. Shalini Thaper Dept. of Radiology, ILBS, New Delhi
10:45-11:00 am	Tea/Coffee Break
11:00-11:20 am	Session 2. Role of Interventional Radiology Chairperson Dr Vijay Rawat, Dr B.S Gill
	Interventional Radiology in Liver and Renal Transplant (20 min) Dr. Harsh Rastogi Dept. of Radiology, IAH, New Delhi
11:20-12:00 noon	Session 3. Transplant-related systemic complications Chairperson Dr. Sanjeev Jasuja, Dr. Charu Gauba
	CNS complications in Immuno-compromised and post-transplant settings - CT/MRI evaluation (20 min) Dr. Jayesh Modi Dept. of Radiology, Medanta, New Delhi

Recent Advances in Liver, Renal & Transplant Imaging

Date: 13th November 2016
Auditorium, Indraprastha Apollo Hospitals,
New Delhi.

Time	Topic
	Pulmonary complications in Immuno-compromised and post-transplant settings - HRCT evaluation (20 min) Dr. Ashu Seth Bhalla Dept. of Radiology, AIIMS, New Delhi
12:00 -1:00 pm	Film Reading Session on Liver and Renal Imaging
1:00-2:00 pm	Lunch
2:00-3:00 pm	Session 4. Renal Transplant Imaging Chairperson Dr. Vijaya Rajkumari, Dr. Reeti Sahni
	Patient selection for Renal transplantation (15 min) Dr. Sanjeev Jasuja Dept. of Nephrology, IAH, New Delhi
	Basics of Renal Transplant Surgery (15 min) Dr. S. N. Mehta Dept. of Transplant Surgery, IAH, New Delhi
	Pre-and Post Renal Transplant - Imaging evaluation (30 min) Dr. Nitin P. Ghonge Dept. of Radiology, IAH, New Delhi
3:00-4:00 pm	Quiz on Liver and Renal Imaging
4:00 pm	Vote of Thanks

Recent Advances in Liver, Renal & Transplant Imaging

Dear Colleagues,
Department of Radiology, Indraprastha Apollo Hospitals, New Delhi is pleased to announce a CME on 'Recent Advances in Liver, Renal and Transplant Imaging' on 13th November 2016 at Auditorium, Indraprastha Apollo Hospitals, New Delhi. The contents of the CME will include recent advances in Liver and Renal Imaging with imaging update on Liver and Renal transplant.

'Transplant Imaging' has evolved as a sub-speciality in recent times. Imaging-based pre-transplantation donor evaluation, surgical planning and post-transplant surveillance are now integral parts of all organ transplantation programs. Pre-operative imaging of Liver and Kidneys is an essential component of transplant work-up. This CME will be immensely useful for the practicing Radiologists as well as Radiology residents.

We hope to see you all at this academic meeting and hope that the CME will enhance your knowledge on 'Liver, Renal & Transplant Imaging'.

CME Registration is free, but mandatory.
For Registrations,
Call: 011-26925858(2031)
