

APOLLO PROSTATE CLINIC

3:00 PM to 5:00 PM every day

Are you suffering from any of the above symptoms?

These are commonly caused by prostate enlargement.

Apollo Prostate Clinic (APC) is a one stop clinic to investigate and treat patients with prostate problems where the following can be done:

Blood Tests: • Prostate specific antigen (PSA) • Serum urea and creatinine (kidney function tests)

- Symptoms questionnaire (IPSS and SHIM).
- Uroflowmetry (assess urine flow)
- USS of the Kidneys (KUB).
- Consultant Urologist Review.
